twinkl.com

LAND USE TYPE

Geography - Term 3 Summary

Transition Zone

An area of decay and neglect bordering the CBD

Example: Sunnyside in Pretoria

twinkl.com

LAND USE TYPE

Geography - Term 3 Summary

Rural-Urban Fringe

Area where there is a mix of residential and small-holding land-use, usually on the outer edge of settlements

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Physical

Access to water for drinking, irrigation

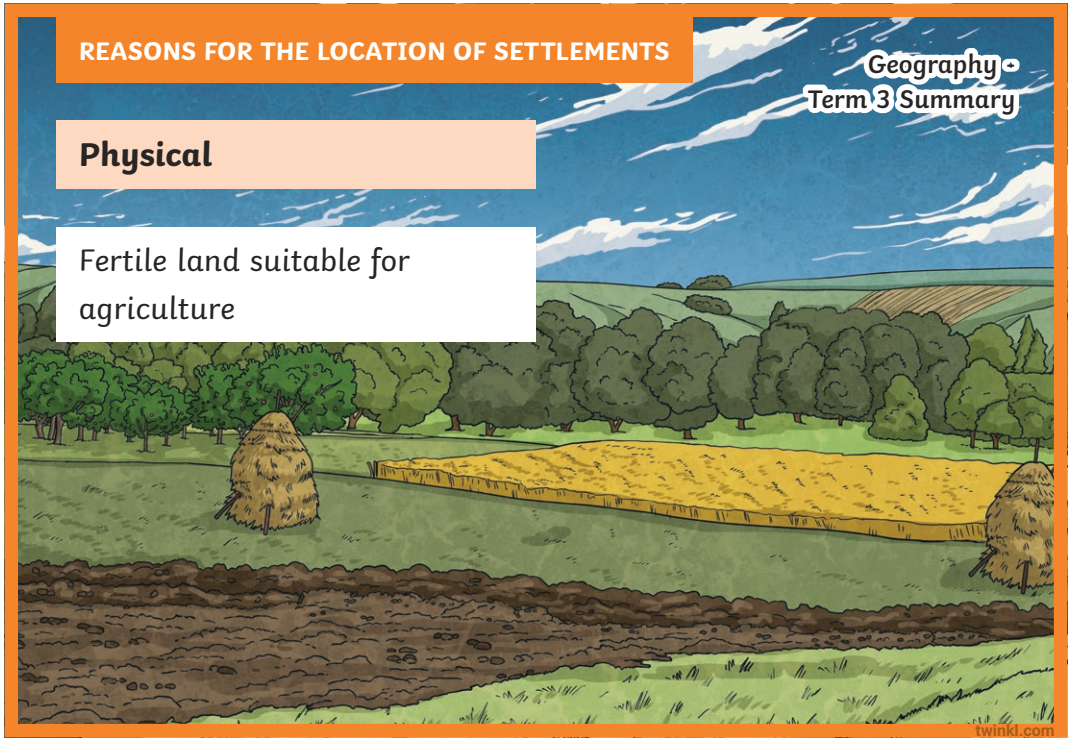

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Physical

Fertile land suitable for agriculture

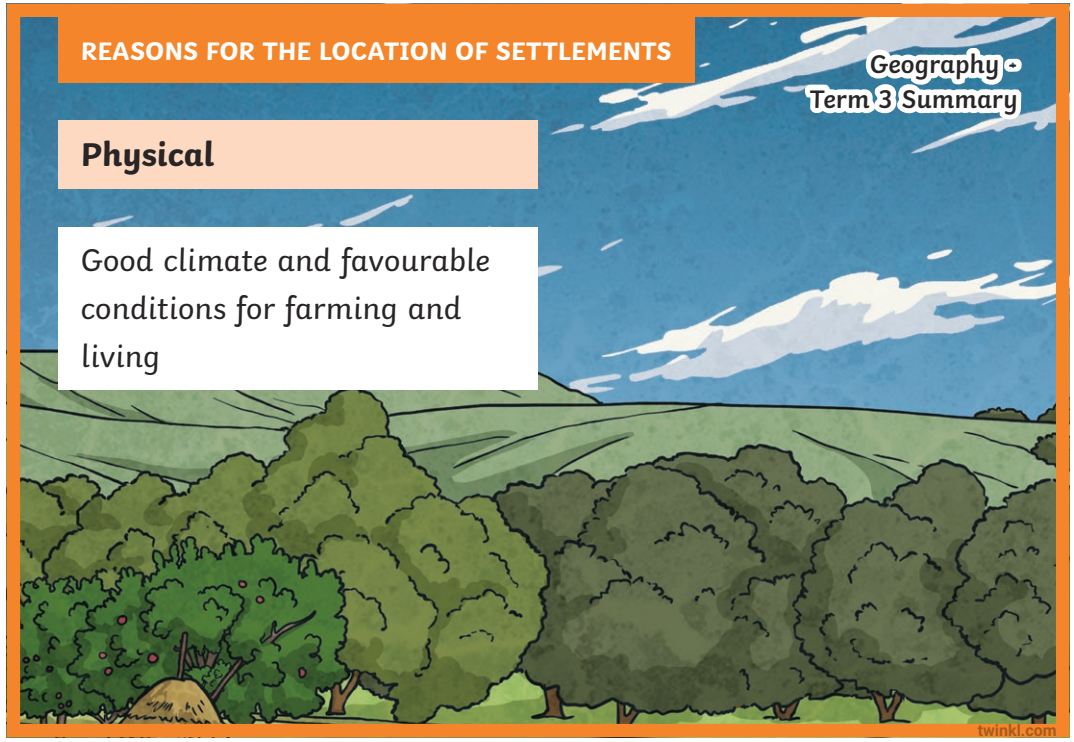

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Physical

Good climate and favourable conditions for farming and living

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Physical

Aspect and shelter from natural disasters and strategic protection

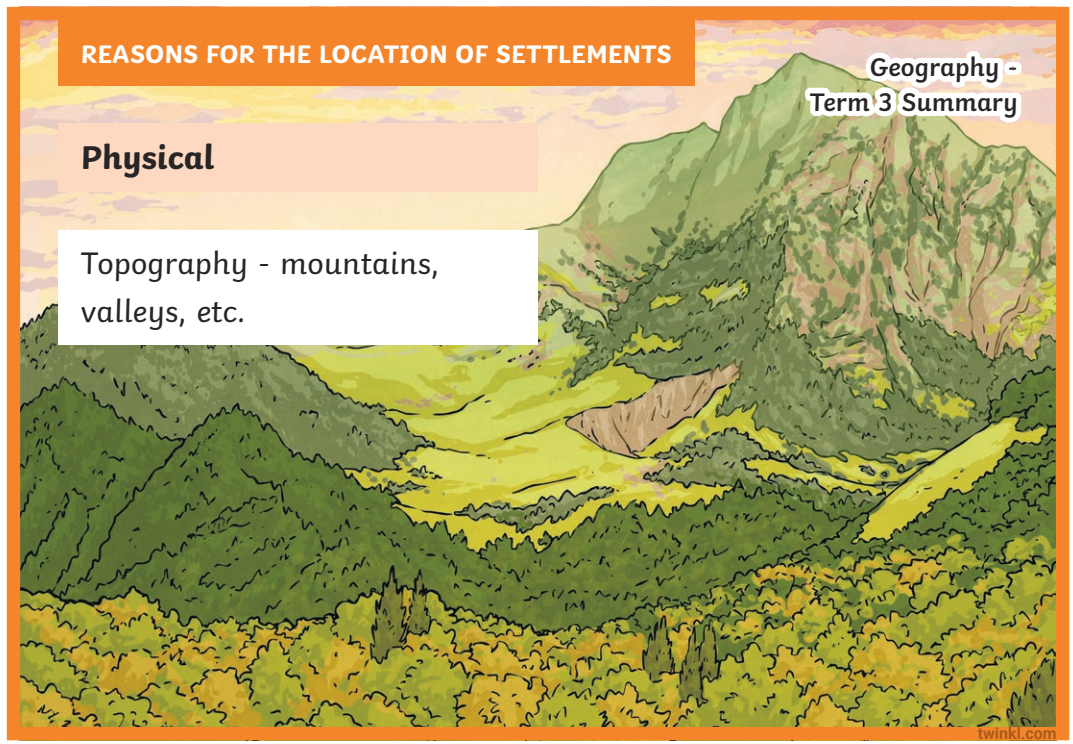

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Physical

Topography - mountains, valleys, etc.

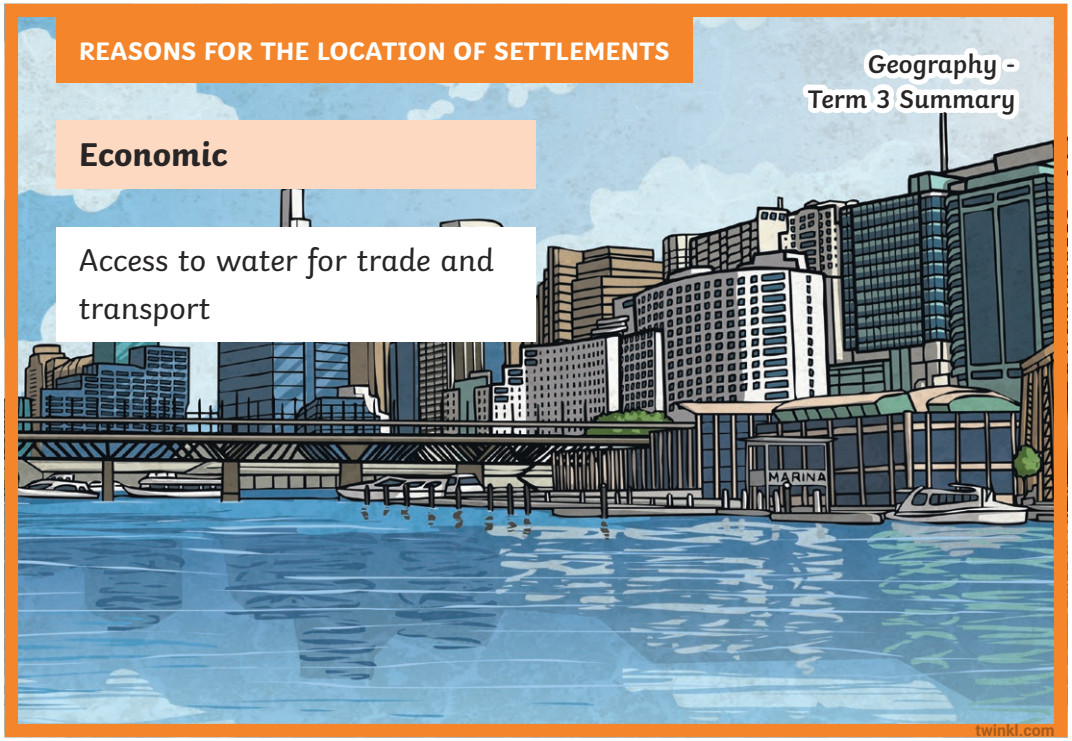

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Economic

Access to water for trade and transport

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Economic

Availability of raw materials (e.g. minerals, timber)

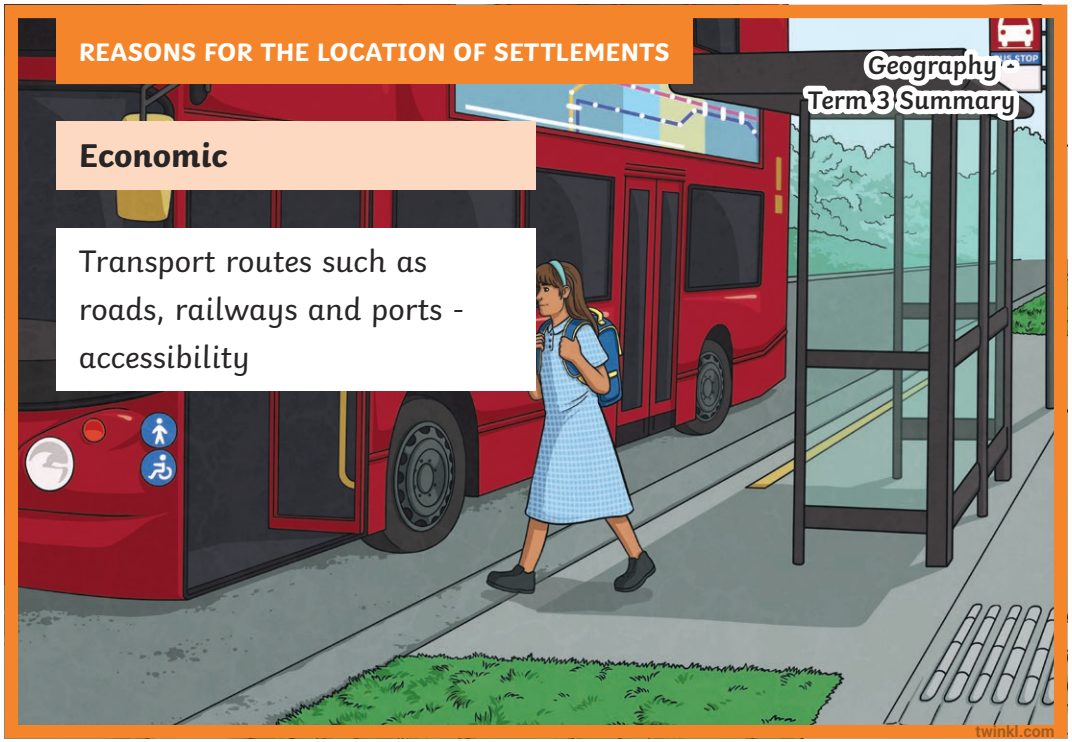

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Economic

Transport routes such as roads, railways and ports - accessibility

twinkl.com

REASONS FOR THE LOCATION OF SETTLEMENTS

Geography - Term 3 Summary

Economic

Opportunities, including trade, industry and jobs

twinkl.com

PUSH AND PULL FACTORS

Geography - Term 3 Summary

Push Factors

- natural disasters e.g. drought, floods
- unemployment
- poor services or lack thereof
- political instability
- poverty

twinkl.com

PUSH AND PULL FACTORS

Geography - Term 3 Summary

Pull Factors

- better or more jobs
- schools/education
- hospitals

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Linear

Buildings arranged along a road, river or coast

twinkl.com

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Nucleated

Buildings clustered around a central point, such as a crossroads or market

twinkl.com

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Dispersed

Houses scattered over a large area, often in rural settings

twinkl.com

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Isolated

Singular homesteads, very isolated from one another, usually in large farm areas

twinkl.com

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Radial

Streets and buildings arranged like a web, usually radiating outward from a central point

twinkl.com

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Irregular Street Pattern

Doesn't follow a definite pattern, often a mix of street patterns

twinkl.com

SETTLEMENT PATTERNS

Geography - Term 3 Summary

Regular Street Pattern

Gridlike, square or rectangular placement of streets

twinkl.com
